

# Galactic Landscape

Image from NASA's James Webb Space Telescope, July 12, 2022  
Charted by Karen Burns, The Warped Spinster

Stitches: 499w x 291h

168 colors, charted for DMC

This chart is offered free of charge, in honor of the wonderment being given to us by the James Webb Space Telescope, and all those who worked on the telescope and the mission.

If you wish to share the chart, please do so by directing interested stitchers to this link to the file(s) on my website, rather than photocopying or sharing the file you have downloaded.
